

REMARKS

Favorable consideration of this application as presently amended is respectfully requested.

Claims 1-30 are present in this application.

This preliminary amendment corrects the unit for the surface resistivity, " Ω/m ," to " Ω/square " in the specification. Also submitted herewith is a copy of documents showing the correct unit for the surface resistivity. Hence, it is believed that these amendments merely correct obvious informalities, and thus do not raise a question of new matter.

Examination on the merits of the specification and an early and favorable action are respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
